Summary

Points were: Missing minutes, distribution area of leaflet, date for replies to be received, number of complaints for the site, if the comments were considered, date of final decision.

CPC do not own any residential properties so no information available. (This was received via Whatdotheyknow website)

Subject has its own committee so agendas and minutes are already on council website. Other misc correspondence was included as per the FOI request.

Request came via the Whatdotheyknow website so answer should be published on there in due course

Request came via the Whatdotheyknow website so answer should be published on there in due course

Only 2nd hand information from SBC relating to the original proposed plan of closing DayHouse Lane as part of the Badbury Park development and subsequent proposal of keeping the road open

Documents showed that landowner at the time of stone's erection had approved of the stones placement and it was in place when the current owner purchased the land.

No plans submitted by any developer to develop this land. Initial drawing were created and showed to the PC but no further actions were taken.

Advised Cllrs only get expenses paid for and provided
number of Cllrs co-opted during time frame
